

Corporate Factsheet Delta Electronics EMEA Region

Mission statement

Delta Electronics is a global leader in power electronics, automation, and infrastructure. For 50 years, they have been providing the world with innovative, clean, and energy-efficient solutions for a better tomorrow. Delta is globally powered by R&D and innovation. They also have dedicated R&D and factories in EMEA to serve the customized need for local customers. Delta aims to create true, lasting impact by reducing energy demand with energy-efficiency solutions, contributing to society, and making business greener.

Delta's solutions

Delta Electronics has a portfolio of smart energy-saving systems in solutions to nurture the development of smart manufacturing and sustainable cities. Their solutions cover the following fields:

- Industrial automation
- Automotive solutions
- Telecom power
- Data center infrastructure
- EV charging
- Renewable energy
- Energy storage
- Display solutions
- Building automation

Environmental, social and corporate governance (ESG)

ESG is in Delta's DNA. They promise to continuously improve power electronics technology, protect the environment for the benefit of today's and future generations, and reach efficiency thanks to long-term collaboration with customers and partners. That's why Delta is committed to Climate Group RE100 – for all global locations of Delta to use 100% renewable electricity by 2025. From 2010 to 2022, highly efficient Delta products saved their clients 39,9 billion kWh electricity and carbon emissions reduction of 21.05 million tons.

Delta is committed to the following Sustainable Development Goals (SDGs): 4) Quality Education; 7) Affordable and Clean Energy; 9) Industry, Innovation, and Infrastructure; 11) Sustainable Cities and Communities; 12) Responsible Consumption and Productions; 13) Climate Action; 17) Partnerships for the Goals.

Green buildings

Delta has established 32 green buildings around the world, of which the Helmond office in the Netherlands is the latest. The LEED Gold green building is equipped with energy-efficient technology, which means the building's energy cost can be reduced more than 55% compared to traditional buildings. Find out more about the green office building in Helmond [here](#).

Facts & Figures

Delta EMEA HQ	Hoofddorp, the Netherlands
EMEA President	Dalip Sharma
EMEA Employees	2.9K
EMEA Locations	15 R&D centers; 31 Sales offices; 4 Manufacturing plants.
EMEA Milestones	1987: First EMEA office in Switzerland; 2017: Opening green building in Hoofddorp & BREEAM Very Good certificate; 2022: Delta Helmond office obtains LEED gold recognition.
Commitments	Climate Group RE100 - Commitment for all global locations of Delta to use 100% renewable electricity by 2025; Climate Group EV100 - By 2030, all Delta's main operating bases will widely deploy EV chargers, transform company cars into electric vehicles, provide incentives for employees and customers to use electric vehicles; Carbon Neutrality - Commitment to carbon neutrality by 2030; Race to Zero - Delta has signed Business Ambition for 1.5°C.

Awards and recognitions

Dow Jones Sustainability Indices (DJSI) and Industry Leader

- Listed on the Dow Jones Sustainability World Index and on the Dow Jones Sustainability Emerging Market Index for 12 consecutive years since 2011
- Received the Industry Leaders award for the Electronic Equipment, Instruments and Components Industry

Sustainability Award Gold Class 2022

S&P Global

CDP (Carbon Disclosure Project)

- Ranked CDP Climate Change Leadership Level
- Received Supply Chain Leadership Level and Water Security Management Level

Top 100 Global Innovators™

- Recognized for 2 consecutive years with its superior innovation and patent intellectual property portfolio

ESG100

- Selected for the ESG100

Morgan Stanley Capital International Indexes (MSCI)

- Selected consecutively for the MSCI ACWI ESG Leaders Index
- Selected consecutively for the MSCI Emerging Markets ESG Leaders Index and the MSCI Taiwan ESG Leaders Index

ISS Corporate ESG Performance Rating

- Rated 'Prime' by ISS ESG
