Applications

Parking Lots

Roadway

Building Exterior

ALDA series

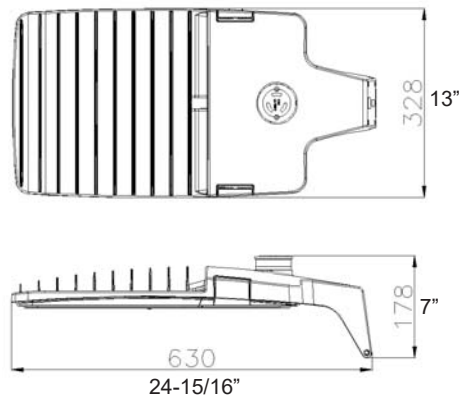

Delta ALDA Area Light Fixture is a high-efficacy LED luminaire designed for parking and outdoor area lighting applications. With multiple lighting distribution patterns and reliable power electronics, it provides better illuminance uniformity, energy-saving, and less maintenance than conventional HID fixtures.

Features

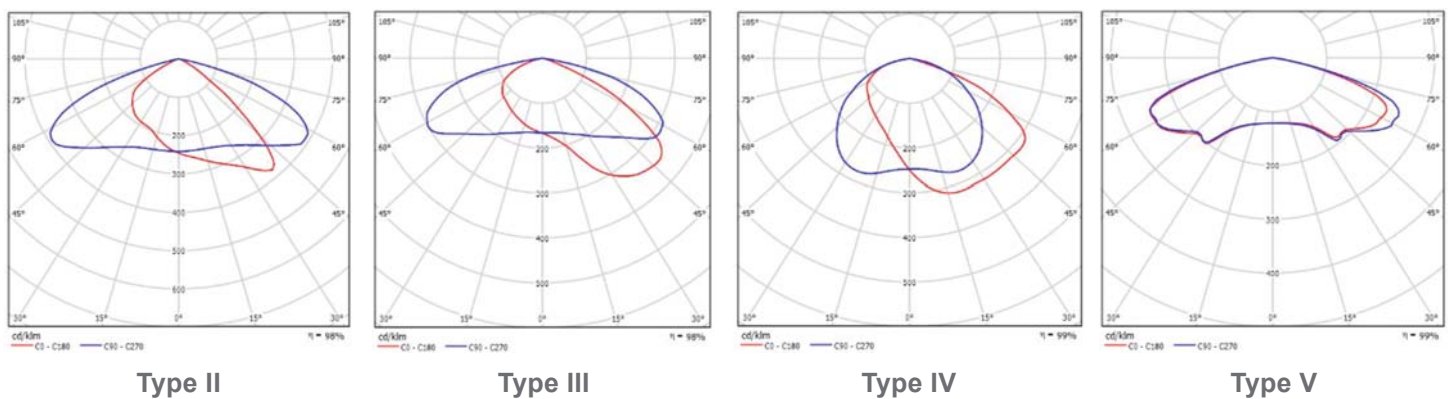

- L85 lifetime > 60,000 hrs
- High system efficacy up to 120 lm/W
- Optional motion sensor
- Operating temperature range: -40°C to +45°C
- Standard NEMA 7-pin receptacle
- Standard 0-10V dimming
- 10kV surge protection
- 120-277V AC universal input

Part Number	Wattage	Output Lumens	Efficacy	CCT	IES Type__	Certification	Weight
